Repair

Action:

1. Loaded material for signal repair for the city of Anacortes went out set up traffic for the intersection set signs and truck as needed. With Howards h changed out both heads on mast arm install replacement heads with LED's At the end of the day found that the peds on the S/W side had more bac side missing the neutral and the other just power will return later to fix. Called Steve Lang to let him know that we had the signal working again and th would be the next item to be fixed.
